

Mr Nicholson thanks the Library Assistants

On Friday 7th June Mr Nicholson took the opportunity to come to the library and thank our team of Student Library Assistants for the amazing contribution they are making to the running of the school library.

To get the students together was quite a feat as they normally work on separate days and it was particularly amazing to see them all together.

In the words of Joseph, Year 8:

He 'came to visit the library and thanked us for all our hard work. As a library assistant we help to run the library and keep it up to date. We repair books, sort out the shelves and arrange them into the right order, we also help other people to borrow or return books, just to name a few. If you want to join the team, just come along and ask. '

Our library assistants range from year 7 right up to year 11, plus we have some sixth form helpers. Some of them remain assistants for their whole time at the school.

They start by completing an application form, and they have a short interview. If they are successful, they follow a training programme with Bronze, Silver and Gold levels of skills.

They most definitely are an intrinsic part of the running of the library and help to make it the very special place that it is.
